

Risk Manager

Bedside Safety Mat

5-Way Protection:

- Impact-reducing, proprietary elastomeric gel
- Textured top helps reduce slipping
- Slide-resistant bottom surface
- Fire-resistant, meets Cal TB 117

PLUS

Infused with
Nano-silver

Independently documented, superior impact reduction provides an extra measure of bedside protection for fragile, at-risk residents.

Minimize the impact of falls

On your residents *and* on your facility.

Statistics don't lie. Despite the best efforts of the healthcare community, falls by nursing home residents and hospital patients do occur. When they do, the physical, legal, and financial impact can be devastating to all involved. The Risk Manager™ bedside safety mat is designed to help.

Science. Safety. Simplicity.

The Risk Manager is engineered from an ultra-tough, impact-absorbing lightweight elastomeric gel compound commonly used in expensive orthotics and premium footwear.

Independent laboratory testing¹ (see chart) verifies that the Risk Manager greatly reduces the peak G-forces generated by falls, easily surpassing the impact reduction provided by thicker, bulkier gym mat-style pads. It also outperforms the most commonly purchased specialty fall strip, which relies on the same low-tech foam scrap padding typically found under residential carpeting.

Best of all, the Risk Manager provides this performance while also delivering crucial advantages in cleanability, caregiver comfort, ease of use, and portability.

Impact Test Comparison

Drop Height 36"

Premium elastomeric gel
surface reduces impact from falls. Bonus: Provides welcome comfort for bedside caregivers.

Nano-silver throughout.
Protects mat from stains, odor-causing bacteria, mold and mildew. Mat wipes clean with most standard cleaning agents.

Slide-resistant bottom grips floor, helps keep mat in place. Textured top provides added safety.

Low profile and beveled edge allow easy on and off for wheelchairs.

Not a trip hazard, unlike bulky gym-style mats. Thin, stable surface means staff won't move Risk Manager from beside bed.

Also included

RISK MANAGER™ GRIP STRIPS

For use on highly-polished floors where extra slide resistance may be desired

ITEM #43398 (3/Case)
(2" wide x 14" long)

ITEM #	Risk Manager Bedside Safety Mat	Qty/Cs
37052	24"W x 70"L x 1"H, standard – single	1/case
94612	24"W x 70"L x 1"H, standard – bulk pack	5/case
8705236	36"W x 70"L x 1"H, XL – single	1/case
9611836	36"W x 70"L x 1"H, XL – bulk pack	5/case
