

TILT WHEELCHAIR

THE FUTURE OF MOBILITY – WORKING FOR YOU

"Assembled, Owned and made in North America." In 2000 Future Mobility began designing, manufacturing, and then distributing wheelchairs for the North American Home Healthcare market. Our Founder's mission is to help the world by designing high quality, durable mobility products for the North American marketplace.

ORION II

by FUTURE MOBILITY

TILT-IN-SPACE

Future Mobility's Orion II is one of the most innovative, popular tilt wheelchair on the market today. It was developed for active individuals who need to redistribute their body weight to achieve optimal position.

COLOR OPTIONS

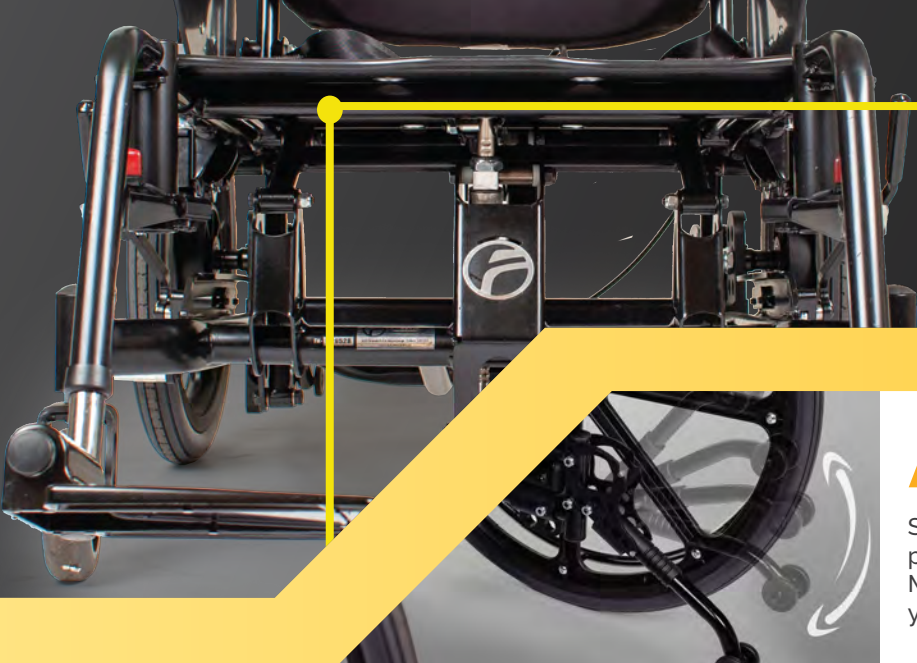

A STANDARD WEIGHT LIMIT OF 350 LBS.

STANDARD WEIGHT
LIMIT 350 LBS

13.25" SEAT-TO-FLOOR HEIGHT

ANTI-TIPPER

Safety is essential. That's why our Anti-Tipper fall prevention system is sold standard with all Future Mobility wheelchairs. The system is designed to keep your loved ones safe from harm.

ARMREST

Future Mobility's wheelchairs are sold with a variety of armrest options. This ensures the end user has the most comfort and support possible when using our wheelchairs. Our Armrests are available in Flip-up, height adjustable, and/or fixed style.

POSI-LOCK

Located underneath the chair, the Posi-Lock allows for a gentle and slow tilt of the end user. It is lockable at different angles.

SWINGAWAY FRONT RIGGINGS

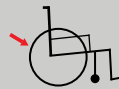

Swingaway Front Riggings give the end user the option of swing-out or dual swing-in and swing-out. Ideal for transporting and seating the end user.
